1. Proposed Cycle Route - Evesham to Alcester, as shown on the plans recently circulated by Colin.

- a) Colin - Path from Wixford via Exhall around Oversley wood crossing the A46 by the existing bridge was preferred over the bridleway from Wixford to the A46 roundabout.
- b) Joe - Contact with Ragley is an important next step to establish feasibility of the route between Salford Priors and Wixford – Joe to contact Tim with a view to meeting Alan Granger.
- c) Jack to speak to Stewart Slaughter to establish feasibility of the route crossing his land.
- d) Alan – How to you establish change of use of footpath to bridleway or multi-use (like Greenway) - Jack to investigate

2. Response to the questionnaire from Keir about the A46/A435 roundabout crossing circulated by Colin.

Sustrans Ed Healy - email from Kier about crossing A46 roundabout – Colin responded. No other parish councils have.

3. Constitution for Cycle & Pathways Group:

Draft constitution was discussed and will be circulated for comment.

4. Progress reports

Paul Freeman via email - Cleeve Prior has registered an interest with Wychavon about a grant regarding the erection of a bridge over the river at Cleeve Prior.

Routes have been walked and cycled by other group members but are not reported here.

5. A.O.B

Joe to check with Bidford Clerk for funding available from Mike Brain

Liam to put WALC application on Salford Priors PC next meeting agenda
