Incident number 577 of 31st October 06 refers.

BE AWARE

There was a pro active operation on the run up to Halloween which involved some good partnership work with the schools and shopkeepers, advising on anti social behaviour such as egg throwing. There was a heightened visible presence of police and PCSOs during half term and on Halloween night, with some pro active visits locally to known previous offenders. This resulted in a dramatic reduction of seasonal anti social behaviour incidents across the Alcester sector, especially in Studley. Of course, there were some incidents, but nowhere near that experienced last year.

This operation has been highlighted by the management to be used as good practice for next year and other seasonal events.

We would like to express our thanks to the local shopkeepers, schools and other partners for helping to make this a success.

If you have any information or have witnessed the above incidents, please can you contact Alcester Police on 01789 762207. Thank you. **Please note Alcester Police station is temporarily based at the former Alcester Infant School, Moorfield Road, Alcester (towards Somerfield).**

All to note a Public Service Desk at Headquarters is now operational. The Public Service Desk (PSD) is designed to put Police Officers back in the control room, thus enabling a better service delivery to members of the public wishing to speak to a Police Officer on any matter which does not necessarily need Police deployment. Anybody wishing to speak to the Police about any issue that does not require a Police Officer to attend can do so via this Desk. Contacting any of the Police station telephone numbers will direct you to the switchboard where you can then ask for the Public Service Desk.

We are often asked the best way to report an incident or to make contact with a Police officer. Should a member of the public witness or be affected by a crime whereby there is a threat of injury, injury or damage or theft of property and the incident is ongoing and offenders are still at the scene, they should ring 999, classed as an emergency or an immediate response incident.

Should the incident have already occurred and is not ongoing, for example waking up and find your car has been broken into, you should ring one of the normal Police station numbers and ask to report a crime or an incident. You will be put through to the force control room or the crime desk. Please ask for an 'incident number' – you should be given one. If a crime has been committed against you, you will be given a crime

reference number by the crime desk or by the officer who attends the incident. Such incidents are 'managed' and you should be given an indication of when an officer can attend.

If you wish to speak to an officer about a non-urgent matter, please use the list of contacts, which are always included in our newsletters.

Hopefully the Public Help Desk will help members of the public when they wish to speak to the Police.

CRIMESTOPPERS

If you did have information regarding the displayed incidents, but for whatever reason do not wish to contact the police directly, then you can ring 0800 555 111 and give the information to the Crimestoppers Charity. Crimestoppers will then pass the information to the Police without revealing any details of the caller. You may also receive a reward.
