4. **PUBLIC FORUM**

**i. Item 6 – Planning Application 19/00731/FUL**

Resident wanted to voice his continued objection

- it is supposed to be a commercial site not residential
- Concern about the contamination of the site which makes it inappropriate for residential
- It was noted that there was an application for 24 more dwellings on the Miller Home development, with access from Waterloo Road, putting even more stress on the infrastructure
- Concern about the access from Waterloo Road on to the proposed development

6. **TO CONSIDER THE FOLLOWING PLANNING APPLICATIONS**

**i. 19/00731/FUL - Mr Buggins Countryside Properties (UK) Limited and Midland Heart Ltd Development Site, Corner Of Waterloo Road And Wellington Road, Bidford-on-Avon, Warwickshire**

Amendments to the original have been received.

Report enclosed

Council considered the amendments and **RESOLVED**, by 9 votes in favour and 1 against, to continue its objection on the basis that

- The amendments received do not address the objections raised by the Parish Council on 14th May 2019 and reinstated on 12th November 2019. Therefore, these objections remain.
- In addition, following the Highway & Transport Review carried out on its behalf in March 2020, there would appear to be a number of issues raised by WCC Highways, which remain unaddressed. In particular, the issue of the site layout (Page 4, Point 4i) and access to private drive and main access (Page 6, Point 4(b)). The Summary on pages 6 and 7 also raise a number of concerns which would appear not to have

been satisfactorily addressed.

**ii.19/03571/FUL Mrs Claire Thornton, Miller Homes Limited, Land off Damson Way accessed via Waterloo Road.**

Proposed development of 24 dwellings and associated access, landscaping and infrastructure

Report enclosed

Council accepted the report but continued to express its concern that the proposed drainage system may not be sufficient to cope with the further development of 24 dwellings in an area of the site which retains water. In view of this it was **RESOLVED** that, in the event the LLFA withdrew its objection, Council would do likewise subject to the following legal agreement condition:

- In the event flooding does occur on this development or an adjacent development or that flooding is exacerbated, the developer must be held responsible:
  - for the damage caused,
  - must not only repair the damage but improve the drainage systems For a period of 20 years. In order to ensure the cover for this period, it may be necessary for the developer to take appropriate insurance.

**7. TO NOTE CORRESPONDENCE FROM SDC REGARDING UPDATING THE CORE STRATEGY REVIEW**

It is envisaged this will take 3-4 years and will be valid until 2050. It should be noted that changes to the Core Strategy may affect the current NDP which may have to be

updated to take any changes into consideration.

The Clerk advised that one thing Council would have to consider in the future would be when it would start reviewing its own NDP, which was “made” in July 2017. The Chairman advised he was now part of the Climate Change Working Group at SDC, which is the main impetus of this upgrade and he would keep Council advised so that it could decide when it was appropriate to start the NDP review.

**RESOLVED** to note

The meeting closed at approx. 7.55 pm
