Before the start of the meeting, the Chairman invited the Chairman of the Parish Council and NDP Steering Group, Cllr Harvey, to make an announcement regarding the Bidford on Avon NDP.

Cllr Harvey advised that the Referendum Version had been considered by Stratford on Avon DC Cabinet at its meeting of that afternoon. He had attended the meeting, together with Cllr Knight and the Clerk and had spoken in support of the NDP and thanking SDC officers for their assistance as well as Cllrs Cargill and Pemberton. He was delighted to be able to announce that the Referendum Version was unanimously approved and had received praise from SDC Leader Cllr Saint, who particularly mentioned his pleasure in seeing a good allocation of Local Green Spaces included in the document. The path was now clear for a Referendum on 29th June and Cllr Saint also announced that, in order not to block its passage due to the summer holidays, he would be calling an extraordinary

3. TO APPROVE THE MINUTES OF THE MEETING HELD ON 10TH APRIL 2017

Cllr. Harvey proposed the Minutes be accepted as being accurate subject to three spelling errors being corrected.

RESOLVED: that the Minutes be approved and signed by the Chairman.

4. PUBLIC FORUM

- i. Resident raised concerns about the POS of Friday Furlong, which was subject of Item 6 on the Agenda. Although Taylor Wimpey had written to all residents advising them that the land has now been transferred to a Management Company, it was not accompanied by any legal document.

The Clerk advised that the item on the Agenda was being considered as Cranbrook Homes had lodged an appeal and SDC are required to give this information when submitting documents.

She further advised that it was her understanding that the transfer of the POS to a Management Company meant that there was no further legal right from Cranbrook for this land which had been allocated as a Local Green Space in the NDP which had been approved by Cabinet that afternoon to progress to a Referendum.

it.

It was proposed that the only comment to be made was the concern of increased traffic to Bidford on Avon as a result of development at Cleeve Prior and that Council would appreciate being consulted when planning applications are submitted. The considerable increase in traffic as a result of development at Honeybourne had been noticed and this was a contributing factor in this proposal.

iii.17/00929/FUL – Rosconn – Mr Dan Hatcher, Land East of Waterloo Road

Erection of 7 dwellings with associated access, parking and landscaping

RESOLVED by 7 votes in favour and 1 abstention to Object to the development on the following grounds:

- **TRAFFIC** - there is concern about the increase in traffic on the small cul-de-sac of Waterloo Crescent. An increase is already noticeable following the recent development and there is concern this will become untenable if a further development is allowed.
- **SCHOOL BUS STOP** - this is situated on the junction of Waterloo Road and Waterloo Crescent and again concern was raised at the impact the increase in traffic may have on the safety of children getting on and off the school bus.
- **TREES** - there are a number of mature trees to the rear of 24/26 which, although not visible from Waterloo Road itself are now visible from the recent development on Langston Way. the removal of trees is not supported by NDP Policy ENV2.

iv.17/01024/FUL – Mr Rob Hands, 14 Grafton Lane, B50 4DX

v.17/01293/TREE – Fell – Mr Christopher Hoffman, Wisson Hill, Welford Road, Barton

- T1 – Sycamore Tree – fell
- T2 – Common Hazel – fell
- T3 – Laburnum – fell
- T4 – Laburnum – fell

Following some discussion it was unanimously **RESOLVED** to strongly object to this wholesale felling of trees on the conservation area which is contrary to Policy ENV2, EN7 and ENV10 of the Bidford on Avon NDP.

The felling of 4 trees appears excessive and no explanation is given for the requirement of such action. Council is of the opinion that either cutting back branches or considering underground installation, would be more environmentally friendly and less damaging to the historic surroundings of the small hamlet of Barton

vi.17/01300/TREE – Mr Christopher Hoffman, White Gates, 11-13 Welford Road, Barton

- T1 - Black Poplar – fell
- G1 – Various species including Common Hazel and Hawthorne – fell

As with the previous application, with which this was considered. It was **RESOLVED** Strongly object to this wholesale felling of trees on the conservation area which is contrary to Policy ENV2, EN7 and ENV10 of the Bidford on Avon NDP.

PM Mins. May 17

The felling of 8 trees, 4 of which are the rare species Black Poplar, and 2 large groups, appears excessive and no explanation is given for the requirement of such a drastic action.

Council is of the opinion that either cutting back branches or considering underground installation, would be more environmentally friendly and less damaging to the historic surroundings of the small hamlet of Barton.
