Alcester Police SNTs. Latest Weekly Report. Sunday 13th October 2024

Based at Alcester Police Station, The Safer Neighbourhood team's primary roles are around crime prevention, problem solving both long standing or emerging issues of community concern and community engagement. We are supported at Alcester by colleagues from Patrol teams whose role is to respond to incidents and investigate crimes that occur in the area 24/7. The SNT is supervised by Inspector Hembry who leads on Neighbourhood Policing for Stratford District and Sgt Ebbs who also oversees neighbourhood Policing in the Shipston on Stour area. The Alcester SNT currently consists of 2 Police officers and 5 Police Community Support Officers, and our contact details are shown above.

Hello all.

This is our latest combined weekly report and prompt to see if you have any questions, suggestions or concerns for the Alcester Police Safer Neighbourhood Teams. Thank you to those that have contacted the Teams this week. If you would like to be removed from this local email circulation list, please let me know asap. This report will also be sent out on the Warwickshire Connected alert system.

For operational and privacy reasons not all the incidents that occur on the Alcester area are listed in this report, although they are recorded on police systems. Please remember to report any anti-social behaviour, suspicious activity or crimes to us as soon as possible - this can be done via the 101 and 999 telephone numbers or if not an emergency via our online reporting forms that can be found on our website. If you have any information or cctv footage that may relate to the incidents listed, please contact us.

Incidents of a public interest from the last week: -

Open letter to the communities of Warwickshire from new

Chief Constable Alex Franklin-Smith

It has been two weeks since I was appointed as Temporary Chief Constable of Warwickshire Police, following the retirement of Debbie Tedds. Debbie served with the force for 35 years and broke new ground as the first female Chief Constable in Warwickshire Police's history. I wish her and her family a very happy and healthy retirement.

The Police and Crime Commissioner Philip Secombe will run a recruitment process to appoint a permanent new lead, but as the interim Chief Constable my focus is on ensuring the force continues to deliver its commitments to the people of Warwickshire. As the previous Deputy Chief Constable and having worked in uniform and detective roles across most areas of the organisation, I am confident that our plans for the future remain strong, as do our aims to deliver the very best possible policing services for the public.

Fittingly, on my first day in the job I welcomed 20 new student officers to the force, many of whom have joined from towns and villages across the county. I feel very fortunate to lead a workforce of dedicated and committed police officers and police staff, who provide 24/7 policing services 365 days of the year. Our vision is very clear – protecting people from harm. In Warwickshire, we care passionately about victims of crime, and together with our many partners, we will continue to work hard to bring more offenders to justice. Community Policing is at the very core of our policing model, with our many Safer Neighbourhood Teams working closely with all communities in an effort to respond to their needs and keep them safe.

Trust and confidence in policing is an absolute priority for me. Policing in the United Kingdom operates with the consent of the public, and when we damage the trust and confidence that the public have in us, the work of my officers and staff becomes much harder. We know we don't always get it right, but we will work hard to learn from mistakes when they are made, and we will be relentless in our pursuit to continually improve what we do and how we do it.

Over the coming days and weeks, I will be out and about across the county. I will be listening to what my officers and staff have to say, but equally importantly I will be listening to what you have to say about how we can improve the service we provide on your behalf.

HELP STOP KEYLESS CAR THEFT

Thieves can steal your keyless car by hijacking and amplifying the signal from your starting device in order to start your vehicle. Help to protect your vehicle.

- Make sure your car is properly locked and keep your key away from doors and windows. This will reduce the chance of criminals amplifying the signal
- Some keys have a function allowing them to be turned off. Check your manual to see if yours does and then use it
- Use some kind of physical barrier such as a steering wheel lock, driveway parking post or wheel clamp. This will deter many criminals
- Fit a tracking device
- Keep your keys in a Faraday bag to block the signal
- Remove the batteries from your spare keys

And remember, be on the lookout for people acting suspiciously and report it by calling 999.
